

## **Magic Circle**

Now the sun goes down, between the stones  
And the raven flies, to Avalon  
Hear, the priest is singing, a crazy sound  
And the maiden dances, round`n`round.

Magic circle of stones

Feel the heat of fire, burnin´ you  
In the holy center, meet the crew  
Drums give you the rhythm, set you free  
Come into the circle, celebrate with me.

Magic circle of stones
